REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Westmoreland:

I herewith submit my second report as Superintendent of Schools.

ORGANIZATION AND ENROLLMENT

No changes in the teaching positions were made this year. The teachers are all well qualified for work with their particular groups. They have been loyal, enthusiastic, and co-operative.

School work is being accomplished in accordance with the standards of the State. Standard achievement tests are being given and reports are required relative to the work completed in each grade.

A new standard dictionary and a set of maps were purchased for the school at East Westmoreland. This school is also supplied with a set of reference encyclopedias loaned by the Parent-Teachers' association. Some of the other schools are much in need of up-to-date material of this nature. If one school could be equipped each year, the cost to the district would not be prohibitive.

The school at Westmoreland Corner has an excellent school library. Books are available for the pupils of all grades. A box of books has recently been received from a friend who has made similar contributions at other times. A fund of twenty dollars from local sources was assigned for the purchase of books for the library. The children enjoy these books and derive much of value from them.

Seven libraries of fifteen books each have been made up from the sample reading material which has accumulated in

the office. These are being loaned to the schools in the supervisory union. These books are especially appreciated by the younger children who usually find it difficult to locate supplementary reading suitable to their age. Some of the teachers have secured the loan of books from the state library and from the state board of education. The value of reading good books and of learning to use reference material correctly, cannot be over emphasized.

The Parent-Teachers' associations have arranged for special instruction in music and art at East Westmoreland and for music at Westmoreland Depot. Student teachers from Keene Normal school have been procured for this work. In the other two schools this instruction is given by the teachers. At a recent institute for rural teachers, a report was made of the excellent work done by the pupils at the village school.

Milk is being supplied each day to twenty pupils in the Westmoreland schools. Cod liver oil is provided and given by recommendation of the school nurse. These are provided from federal funds. Noon lunches are supplemented with a hot dish during the winter.

The Parent-Teachers' association at East Westmoreland organized a dental clinic to further the work which was begun with federal funds. A fund of fifteen dollars was contributed for this purpose. The school is now on the 100% list.

Contributions from the P. T. A. at the Depot and at the Village enabled these schools to complete the dental work 100%.

At Westmoreland Corner the sum of \$5.00 was assigned for music. This money was used to buy equipment for the rythmn band.

The pupils at the Corner school appreciate the kind interest of Mr. Hutchins who has each year supplied decorations and favors for their Hallowe'en party.

The members of the P. T. A. at Westmoreland Village supply the materials for one hot lunch each week. Help has also been given in the purchase of noon lunch equipment.

Summary of enrollment, January 15, 1935:

School	Teacher	Enrollment
Village Advanced	Dorothy E. Gary	26
Village Primary	Hester M. Gordon	24
E. Westmoreland Adv.	Laura V. Edney	17
E. Westmoreland Pri.	Marion L. Bassett	15
Depot School	Florence G. Stone	26
Corner School	Bruna A. Farinoli	22
Total,		130

BUILDINGS AND EQUIPMENT

A tour of inspection was made to determine the repairs necessary in the schools of the district. The necessary work for each school was listed and arrangements were made for doing that which seemed most urgent. At the Depot school new curtains were installed and the ceiling, walls, and wood-work were painted. At East Westmoreland, the roof was repaired, ceiling in upper grade room was whitened, and a concrete step was added at the entrance. Storage space in the wood shed at the Corner school was increased by removing unused partitions. The seats and desks at the Corner school were replaced with the new single unit type. At the Village school a store room was provided for scholar supplies, janitor supplies, and books.

The playground apparatus furnished by Mr. Sherman for the Village school and the contributions of Mr. Britton and Mr. Hoyle for athletic equipment, are greatly appreciated by the pupils of this school.

The screens at the East Westmoreland school were furnished by the Parent-Teachers' association.

HONOR ROLL

Pupils Not Absent Or Tardy 1933-1934

Linwood Burt	Elenor Frye
Alice Burt	Lurana Woodward

The number of cases of tardiness as indicated in the above table, is excessive. The apparent increase may be due to a new State ruling governing the attendance record of pupils on transportation routes. There are some families in the district where the children are permitted to remain at home on school days without sufficient cause. It has been necessary to refer several cases of this nature to the State truant officer. Poor attendance is a serious school problem. Not only does it affect the progress of the children who are absent, but it limits the efficiency of the school work in general.

I wish to express appreciation of the generous cooperation which I have received from members of the School Board, teachers, parents and pupils.

Respectfully submitted,

CHARLES D. DALZELL,

Superintendent of Schools.
